

# Measure Authoring Tool 6.10 QDM and FHIR

*MAT Maintenance Release*  
*August 9, 2021*

## Included in the MAT 6.10 Maintenance Release:

- FHIR Human Readable exports now include referenced library definitions
- Users may now log into Bonnie QDM from MAT using their HARP credentials
  - This uses a single sign-on. Users will be logged into Bonnie from MAT using the Harp ID they used to log into MAT

# Contact Us

The MAT can be accessed from the MAT public web site [here](#).

Detailed release notes are located [here](#) on the MAT public web site, under the Training and Resources page.

The MAT support team is available to answer questions and to provide user support.

Please continue to contact MAT Support through the Bonnie and MAT Issue Tracker here: <https://oncprojecttracking.healthit.gov/support/projects/BONNIEMAT/summary>.
